

Shepherd Tri-Township Fire Department
FAMILIES – HUSBAND & WIFE COMBINATIONS

It is the policy of this Fire Department not to allow husband-wife combinations. There are many reasons for this position, for example, children, emotional situations, training conflicts, etc. However, we are aware there are times, when in the best interest of the Department, as well as the firefighter, this policy may be waived. The Fire Chief along with his/her staff will review each request on an individual basis to consider the exception to the normal policy. Their decision will be final and in best interest of all concerned.
